## **Hall capacity**

Inside the banquet hall, it's possible to hold events both for larger groups of up to 40 people as well as for smaller more intimate groups.

## **Rent**

Events held within the banquet hall are done so without rent.

## **Banquet menu**

The menu is compiled individually, based on the client's preferences and budget. Having a large number of dishes allows us to create a menu for both a banquet on a budget and a luxurious celebration. We always take into account the individual preferences of restaurant visitors and carefully discuss dishes before holding any celebration in the banquet hall.

## **Location and decoration**

The banquet hall is located on the second floor of the restaurant and, thanks to this layout, guests who've arranged for a banquet can feel they have comfort and privacy. The banquet hall is well-lit and spacious. You can use the services of a decorator, after discussing your preferences and tastes with them. The table arrangement is agreed upon in advance with the customer, based on their wishes for seating guests.

## **Celebrating and organization**

The banquet hall is equipped with an air conditioning and ventilation system. We provide musical equipment: speakers and an 82" television. If needed, we can also offer recommendations for MCs, musicians, DJs, photographers, operators and decorators.
